

# STONE LEAF pottery

proudly presents a:

# kiln firing, repair & maintenance

# Workshop

with **Michael Leonard**  
Sunday, June 23, 2024

During this comprehensive workshop, Michael Leonard of Cone Art Kilns will share his 40 years of experience working with all types and brands of kilns.

Michael will be covering everything from a basic understanding of electricity and how a kiln works, troubleshooting, parts replacement, kiln sitter maintenance, programming controllers, and the keys to a successful firing.

Participants will receive a set of summary notes to take away.

*This is an essential learning opportunity for all potters.*
